Parent and Carer update

10th November 2021

Dear Parents and Carers

!! Good news alert!!

Following a food hygiene inspection on our school catering service and premises, we are delighted to share with you that we have been awarded a rating of 5. This is a top score which means the hygiene standards are very good, and the caterers fully comply with the law.

This is great news as we seek to open the extended catering area, and while we are working hard to improve our offer under challenging national pressures on deliveries and food product shortages.

A huge well done to the team of kitchen staff.

For further information about food standards hygiene inspections, please visit [Homepage | Food Standards Agency](#).

Yours faithfully
