Why Mocks?

YOU need the chance to know what it is like to have a series of exams in a small window

YOU need to know what to expect in the summer

Your TEACHERS need to know what to teach you know, don't know or have misunderstood

YOU need to know what it's like to revise at home and how to look after yourself

YOU need the chance to make mistakes when it's less important!

YOU need the chance to create an evidence base – just in case

However,.....

- If you don't actually try, we can't tell you anything to help
- If you don't revise it will come as a shock and it will be so much harder in the summer
- You won't give yourself the chance to know how to look after your mental health and well being, you will be overwhelmed
- You mess around in the summer you will get zero on all exams from that board

Set yourself some targets

- Write something – anything is better than nothing (stick on a page)
- Breathe – don't panic. Once you're in there you've done the hard bit.
- Sleep and eat well
- See your teachers and ask for help if needed
- Attend a Session 6 before an exam where possible
- Decompress – set aside time to chill and relax

Good Luck!!!!
