

TEXTILES YEAR 9

DO NOW

- What is a template and how would you use it?
- Name two synthetic technical fabrics and their purpose/uses?
- What is a key advantage of technical fabrics?

MAIN TASK

APPLIQUE- using your classroom knowledge and research from the internet provide an explanation of what applique is. How might you use applique techniques? Give an example and if possible a picture to support the explanation.

STITCHES

There are many different stitches you can use to join fabric together or attach a fabric to another in the manner of APPLIQUE.

HAND STITCHING

This is a research task.

You are looking for the following stitch types:

- **Running stitch**
- **Back stitch**
- **Blanket stitch**
- **Chain stitch**
-

MACHINE STITCHING

This is a research task.

You are looking for the following stitch types:

- **Standard stitch**
- **Zig zag stitch**

For each stitch supply a picture and a description of each of these stitches and their usage in sewing and textiles.

Here is a website to support your research

[12 Types of Hand Sewing Stitches - 2024 - MasterClass](#)

Present your work in a poster / info graphic style showing clear images and text.

We will add this work to your books on your return.
